PEDRO VAZ

Front End Web Developer

Itapetininga, São Paulo, Brazil

SUMMARY

Hi, I help my team by developing functional and attractive websites for people, businesses, and brands.

Bread and butter: HTML5 | CSS3 | Javascript | Typescript | Jest | Node | PHP | Wordpress | Git | Docker | Linux

Coding strategies: SCRUM | TDD | Clean Architecture | Clean Code | SOLID Principles

Audiovisual: Adobe Photoshop | Adobe XD | Figma | Adobe Premiere

Front End sugar: React | SASS / SCSS | Tailwind | Bootstrap | Material-UI | Styled-Components | React Testing Library | Redux | Gatsby | NextJS | JQuery

I can also find my way through REST APIs on the backend and React Native for mobile apps. :)
